Bipin Yadav

React Js Developer

📞 8928042884 | @ bipinyadav9769@gmail.com

Summary

- Frontend Developer with more than one year of experience specializing in React JS, Next JS , Redux Toolkit, Sass, and Formik . Seeking a challenging role to leverage my skills and contribute to the development.

Skills

React JS / Next Js	Redux	Javascript	SASS CSS

Experience

Invizio Solutions LLP   August 2022 - Present
Frontend Developer

- **UI Enhancement:** Revamped the Diva web app's interface for a modernized look and improved user experience.
- **Catalogue Link Feature:** Created a feature enabling users to selectively share designs while ensuring access control for authorized individuals.
- **Dynamic Form Development:** Engineered a dynamic form module, allowing users to personalize design creation by customizing fields based on their preferences.
- **Auto-Calculation Function:** Implemented an auto-calculation feature within the dynamic form, facilitating instant value updates based on user-defined formulas.
- **Bulk Image Upload Optimization:** Resolved API call stalls in the bulk image upload by implementing batched API calls and integrating image compression for faster data transmission.
